### **AIDS Legal Council of Chicago Moving to New Offices**

**Chicago, IL** – Starting Monday, July 31 2006, the AIDS Legal Council of Chicago will begin operating out of its new offices located at 180 N. Michigan Avenue, Suite 2110. Situated only steps from Millennium Park and easy to reach by both CTA and Metra lines, the Council hopes to be even more accessible to clients who visit us from Chicago and the surrounding Cook County suburbs.

ALCC anticipates no interruption of services during this transition. Office hours will continue to be Monday through Friday, 9:00 am to 5:00 pm, and phone consultations will continue be offered at (312) 427-8990. The Council will also continue to operate its CORE Center office without any change in its schedule.

The AIDS Legal Council of Chicago was established in 1988 to assist low-income individuals with HIV facing complex legal difficulties because of their HIV status. The Council provides direct legal assistance, conducts community trainings on HIV-related legal issues and engages in advocacy to help shape fair public policy around HIV and AIDS.
